“ I consider myself fortunate to have known Bobby. I first met him as a Foth PM with a project for MillerCoors in Ft. Worth. At our first conversation, I grasped his skill and knowledge in the field of construction. I also had the pleasure of being Bobby's manager at Foth for a time. His demeanor and candor were always refreshing. His guidance and input were always welcome. He will surely be missed! My heartfelt condolences to his family and friends.

“ I met Bobby in 1988 at GE Plastics in Montgomery Alabama, he was a pipefitter and I was as well. We started talking and he lived in Florida, and so did i, he had worked a lot of the jobs I had worked in the past and had the same common interests I had, so we formed a bond and became Friends for life. We traveled the road together and worked many places in many states together. One fond memory I have is we were working in Savannah Ga, and had just hired in and they put him in the white house, and me in the cooling tower and rack. He came by in the company truck and he had Drug us both up (told the Supt we both quit). So I loaded up my tools and we started leave then they moved him to the Rack to work with me, so we both stayed there and completed the job. He was a lot of Fun to be with, we went fishing several times as well and sometimes caught fish and of course sometimes did not, but we always had fun. I will miss him very much, he was my best friend. My heart and condolences go out to Carla, Shane, Jessie, Cassie, and all of his Family, again He will be greatly missed!!!

“ I am a very lucky man to have been blessed to spend time with Bobby. Not only did he guide me into our company but he also shared many valuable insight's pretty much a mentor which i believe helped with not only my success but Foth as well. His laugh was always fun to hear during conversations. There is no doubt the "Godfather of Fort worth" is and will be missed. Heartfelt condolences to Carla, Shane and the entire Family.

“ Bobby and I worked together in Milwaukee Wi at MillerCoors, Plover Wi at McCain Foods and at the MillerCoors Fort Worth Brewery on a variety of projects. Bobby was always very focused and dedicated to proper construction techniques no matter the location or project. I enjoyed our occasional mutually shared project time. He was always a credit to his family and to Foth. You have my sympathies for your loss.
