“ I just found your mother's obituary. I am so sorry. We worked together at ACI for several years. She was a good teacher who really cared about her students.
I also spent New Year's weekend with her in Grayton Beach in 1992 I believe. She and I stayed in one of the cottages. You were all so nice to me. My first time to have fried turkey. Good memories.
Truly saddened by her passing.
Sincerely, Carol Wilson

“*Ms. Gretchen*” as she was known by our women's basketball program, was so kind, loving and loyal. As the head coach for the Florida State Women's Basketball program, I looked forward to seeing her precious smile on game day. She ALWAYS took great care of me and my family. She also set up a private entrance for me so that I wouldn't need to walk through a group of people before the game who would take my focus!

I loved hearing her stories about Grayton Beach and the Red Bar. She showed us pictures of "how it used to be :)" She loved her home at the beach!!

We already miss her tremendously. Our prayers are with her family as we can only imagine how much they miss her now.
