“ *I'm sorry to see this. I knew Pete from both of us working at the Department of Transportation. He was in the central office in Tallahassee and I worked at the District one office in Bartow. I first met him at a conference in Orlando around 1990 or 91. After that we would hang out together after hours whenever we had a conference together or one of us was at the other's office on business. He as a really fun guy and we had a lot of good times together. I lost touch with him after I retired in 2007. Then just the other day I was thinking about him and figured I'd look for him on the internet and maybe reconnect. That's when I found this obituary.*
