“ *Genick - I remember our childhood and your smile the most. We grew up in Panama and you were family to us. Our families became one as they spent so much time together at family functions and it was a magical blessing to have been a part of each others lives. I have always called you cousin and I thank you for letting me rock with you during our Air Force brat and Canal Zone brat years. I will certainly do a dance in your honor while listening to the Grand Tabou combo. I love you always and will miss you cousin. Rest in Paradise.*

“ Oh! My Genick! I am already missing you so bad!! The sweetest bond was created when I met you at FAMU. We became besties from day one. I will cherish all of the memories of good times and bad times that we shared together. The laughter, clowning around, eating, dining, always looking for new adventures. We were always there for each other. I thank God for placing you in my life...rest in peace my sister!

“ My sincere condolences and prayers to the Blaise family. There are so many memories of Genick and the Blaise family in my life and the lives of my family members. From FAMU to now, we created beautiful moments. My life won't be the same without Genick Lee in it. No more girl trips, Cruises, dinners, laughter, swimming or sitting by your side reading a book to you. You were the Delilah to my Stella. I love you and I will miss you forever. You gave them hell but now it's time to rest. Life is but a dream❤️.
