

Gloria Noble Johnson

August 23, 1955 - March 17, 2021

Gloria Noble Johnson died suddenly on Wednesday, March 17, 2021 at the age of 64 years young. While a Tallahassee resident, she made the world her home.

Gloria dedicated her life to tigers, bobcats, and cubs; traveling long and far for Safaris across continents. She immersed herself in these experiences, and the beauty and bewilderment of those lands and animals sparked her passion. In her tours, she met Sigfried and Roy, and got involved in nature photography, having some experience with National Geographic magazine. Gloria brought these cubs home from far and wide, and thought of them as family. Her loving husband, Richard Bunyan, loved her deeply and supported this unconventional and risky passion. To them, the reward outweighed the risk.

Gloria is preceded in death by her parents, Glenn and Agnes Noble, and survived by her husband, Richard Bunyan.

The family is being assisted by James Sircy and Cared for by Margaux Whitefield, of Young Fulford Fuenral Home and Crematory.

“ *I met Gloria through the Feline Conservation Foundation, sharing a love for big cats. She was a beautiful person, always willing to help a fellow "cat" person.*

I also met Gloria through the FCF & I know that she handled, loved and was "owned by" several big & smaller cats. Lately she was enjoying and sharing her garden with us on Facebook. When I see a new flower blooming I will remember her.

I just found out that Gloria had passed. I met Gloria at a craft show and we hit it off right away. She bought one of my cut out coins of a cougar. She invited me to her place to meet her cats and I spent the day photographing them. We even took Her white tiger to a nearby lake and photographed him there running free. That was one of my highlights of my life.

I'm shocked! Chuck and I have known her from her lobbying days to when she got her kitties. She was a special soul her loved her animals. May she rest in eternal peace!
