“ *I miss my brother and I fishing and listening to music we liked. We had our moments, because of his anger of finding out why he couldn't do Muscular legs things, until years later in his 20s. Over close to over 30ish years dispatcher for Marianna P.D. City and Leon County Fl.. My brother loved his job...with a passion. Yes, he had many issues with a disease that he never knew as a kid growing up. Until.. school. Trying to run as a kindergarten and Elementary school...he was called "lazy", all mean words. My brother fought for being seen as just him. I know, the stares, whispers of watching him walk, worse when we would go to eat.. the looks.
My brother my music and fishing buddy, always.. I remember your goodness.*
