“ *Mom loved all kinds of music and musicians including Jimmy Buffett ...*

“Life is Just a Tire Swing”...one of Buffett’s many songs is in my mind a metaphor for life’s ups and downs, the good, the bad , the happy , the sad, the crazy and the serene.

Life with mom was full of ups and downs, but so is the cycle of life for most of us mortals. The good times seem to always be more memorable than the bad and the craziness is something we can look back on and just smile or laugh about now.

The other thing about that “Tire Swing,” in the song is....they are so very familiar to so many us. So inviting to climb upon and swing wildly or just sit upon and quietly ponder life in general and they are so comforting in their simplicity and dependability; ...and that was also mom, familiar, inviting, and so simply easy to love.
