“ *Daddy I Will always Love you.. I remember all of the years of laughter, Joy struggles, tears the years of sickness and disease yet one thing has always remained constant our love as a family. I thank God for everyday in every year that was spent together . Right now my heart is heavy and eyes filled with tears but my heart is still filled with love for you. Rest in heavenly peace . I remember catching the bus to Tallahassee, walking to your house, and sitting on the porch until you came home from work, because I loved and wanted to see my daddy,I still do....I love you Daddy*

“ *My granddad was the best. I was his favorite and I was and will always be granddaddy baby!! I will miss you soo much and I will always love you forever. You taught me so much and how to “Beat your butt” and “Beat your A\$\$” only when mom wasn’t around lol! I miss the restaurant trips where I had to apologize to the waitress for your jokes but it was all love. You put smiles on everyone face and touched many people with your kindness and personality. You will always be the best man in my life and memories and in my heart. You will truly be missed grandad and I was blessed to have a you in my life and as my grandad. I love you but I know God loved you most and was ready to enjoy you and your spirit. I love you so much and will truly miss you love granddaddy baby Tara one of the real grand daughters!!!*

“ I learned Desiderata attitude and behaviors from my Dad Joseph Gallon.

I learned to speak TRUTH regardless of it's flavor. I learned kindness, and that in my weakness there's still God.

I learned the love and beauty of giving without expectations. To do right things simply because they are right things.

I learned that some things will seem like the end of the world, but as long as we keep the faith, God's Grace is Sufficient.

I learned forgiving is possible even for what seems unforgivable. I learned God gives us a biological family to cherish and unbiological family to cherish.

I learned love is not reasoned, nor reasonable, love is just love.

Love cannot be measured, and never is love terminated. Love is immortal, love endures forever.

I learned within my DNA there is an invincible summer and a Soul that is Phoenix. I learned knowledge and wisdom are related but not the same.

I learn that respect is GIVEN by those who respect, because that is their nature.

I learned that being a Gallon is not a half pint(a Dad joke 😍)

My Dad taught me many things. Dad was a very smart man, who gave all he had to give. He taught me that humans are not perfect, but love is. He taught me that by loving we are perfecting(completing) ourselves, not the people we love. My Dad, Joseph Gallon was a very Smart Man.

Love "first-born".(Mary Gallon)

“ My Dad was a good man. He was good to others all of his life. He had 5 children with his first wife Winiefred...Mary, Betty, Willie, Carey and Christopher respectively.
We loved Dad and will miss him.
I don't know how it is my Dad's remains were sent to a crematory as he begged all of us NOT to let him be cremated.
Unfortunately, we were not given a choice. We were not informed of where his body was sent. My sister Betty received a text that he died on 4/3/21.
May God have Mercy on those WHO render evil for good.
My Dad gave all he had to give. All will miss him.
With love, The children of Joseph Gallon
