“ *I just learned of Sam's passing. We lost a true friend. Sam loved her family more than life itself. She was for sure a free spirit and worked hard to do the best she could at raising her 3 children. I will always remember my friend Sam. She had a helping heart to those around her or those in need. “ *Sam was our neighbor, and a free spirit. She was a private individual, but owned a lot of North Florida history, which educated us. We are sorry to learn of her passing. She faced a lot of adversity during the time we knew her- health wise- but never complained. We were late to learn of her loss. John and Jane Mika*

“ Sam, whom we called Marianne back in the late 1950s, was one of earliest children I played with. My parents and her parents were friends. Then later, of course, I knew Sam in the Suwannee County schools. She was always very kind to me although I was extremely shy and awkward as a teen. Thank you, Sam, for being a bright spot in all our lives.

*Sam and I were best friends. I visited with her family growing up. We rode horses, took beach trips, and we hung out with my first husband Don Allen.*

*She was carefree and just a fun person. She never drank, used drugs, or was promiscuous. After she died one person tried to convince me they had a sexual relationship. She would have told me. Must be horrible to try that on someone that knew her and her family like I did. I was more than disappointed to see that her immediate family or even her children did nothing for her death as far as a memorial service, or gathering of any kind. I only heard of the school she worked at having a tree planting service for her.*

*Her family members who claim to be successful are poor excuses for humans. Any family disputes or quarrels are forgotten and put aside during a death.*

*I hold your memory close and it's so hard to believe that you and Don both passed away at about the same time. God Bless You, Sam 🙏🏻👉🏻*
