“ *One of my earliest memories of Moe was when I got up one morning to get ready for groups and it was one of my first days and Moe for some reason was playing "I like big butts.." on her phone. I knew I was going to love this lady. She had the sweetest spirit and she is the reason I actually stayed and graduated from TP. At the end of this month I will be celebrating 18 months clean and sober and it's in part because of people like Moe. She breathed life into me and loved me when I couldn't for myself and now because of her I'm doing that for others. I'm eternally grateful and until we meet again, fly high, dance in the sky and hug my babygirl! Love you Moe!*
