

Ronnie Lee Carter

July 11, 1944 - April 12, 2025

Ronnie Lee Carter, of Tallahassee, Florida, passed away at home on April 12, 2025,

Ronnie was a dedicated husband, father, and grandfather. He loved spending time with his family, and he surely loved to fish. If you really knew Mr. Carter, then you knew this for certain: He was crazy about the Oklahoma Sooners Softball Team. His last day on earth was possibly one of his best days ever. He watched his Sooners come from behind in the 7th inning, scoring the 5 runs that beat Alabama with a final score of 5 to 1. He, no doubt, left this earth with a big smile on his face.

Mr. Carter is survived by his loving wife, Barbara Lynn Carter; his two daughters, Michelle Allen and Kimberly Carter; and grandchildren, Zane Carter, Dakota Kelley, Eileen Carter, and Kylee Allen.

A Full Military Honors Service will take place at the Tallahassee National Cemetery on Tuesday, April 22, 2025 at 1:00 PM. A private interment will follow.

The family is being cared for by James Sircy and Jackie Fulford at Young Fulford Funeral Home and Crematory, Tallahassee, Florida 32303.

“ He was the greatest husband and partner and wonderful provider. We raised 2 beautiful daughters who have given us 4 loving grandchildren. We were able to travel and enjoy each other's company before and after retirement. I will have many memories to relish of our time together and look forward to time we meet again. In the meantime I hope to make him proud of the me. He always said he never had to worry about me when he was out to sea. He knew I could handle things so I will take this time apart as a long tour of duty and carry on. Till we meet again. Love you always. Hugs and kisses 💋

“ My dad was the kindest and most loving man I knew. I never confused his kind heart with weakness because his leather belt and I have history too. I pray that it makes in the casket as well. He would give you the shirt off his back if he respected you and a hotdog if he didn't IYKTYK. He had a quick wit and a great sense of humor that was only genetically passed to one of his relatives (that's me). He was a hard worker from his 26 years in the Navy, to working for the state of Florida (definitely not to be confused with Florida State) and going to school to earn his Masters Degree in psychology while in his early 50's and finally working with USDOL/VETS until he finally retired in 2015. Everything he did made me proud to be his daughter and although I wasn't the best child but I've spent the rest of my life trying to make him proud of me. I may not have made the best choices in men to care for the children we share but my dad never shied away from standing in from day one to accept that responsibility and did it with love and honor. I know that's a lot and yet it's not enough to say how much I love and miss my dad!!!
